FLOAT BUILDING THIS WAY FOR SENIOR CLASS
SECRET LOCATION ! DON'T TELL ANYONE !

" My favorite part of Homecoming was 'piping' in the parade and the crowning during halftime. I was in charge of class comps during lunch, so I didn't get to particiapte in lunchtime comps, but I did enjoy dressing for the spirit days. I was really happy when we won the game; especially because it was my senior year and the past years, we've lost. The school also showed a lot of spirit for the team and that was great! " - Bella Lui-C/O 96

" My favorite part of Homecoming was working with people that I usually don't get to. I helped build the Senior float. It was really great that we won, it added to the whole 'homecoming effect' ". - Jamie Yi-C/O 96

" My favorite part of Homecoming was the dance. I was invoved with the game and dance. It was about time that we won homcoming, everyone tried their best and it worked" - Mirella Mount-C/O 96

" My favorite part of Homecoming was float building because it showed class unity and that when we put our minds together we can acccomplish anything. I was involved with the float building and the parade. I thought it was great for the team that we won because the had one goal in common, which was to win and as a team, they reached that goal together"
- Chris Quinto-C/O 97

" My favorite part of Homecoming was float building because everyone worked together. I took part in float building and I was the Wicked Witch in the parade. I was pschyed that we won, because it really topped off homcoming "

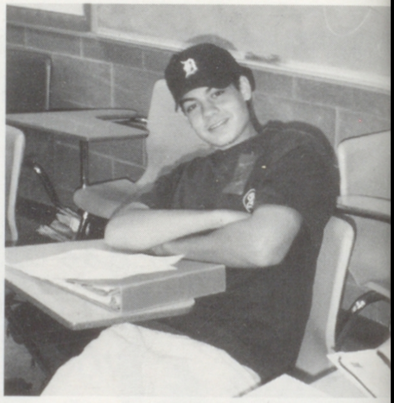
Red Ribbon's 10th Anniversary!

From October 23 through October 28 Alameda High took part in the National Red Ribbon Week Celebration. By wearing Red Ribbons that read "Proud to be drug free" and buttons that said "Don't push your luck with drugs" Alameda High School students and faculty showed their support of alcohol and drug awareness.

Standing up tall and proud for Red Ribbon Week is Frank Dignon,



Because he is alcohol and drug free, Alex Wolfe knows for sure that he is cool.

Not only are red ribbons cool because they show your support, but as Christina Mathews knows, they also accesorize just about any outfit.

"Red ribbon week is important because when a person is drug free they can accomplish their goals in life. Drug destroy families and cause violence."
-Cynthia Rosenthal

Celebrating this week by wearing their red ribbons are Carlos Kullukian and Brent Ruth.

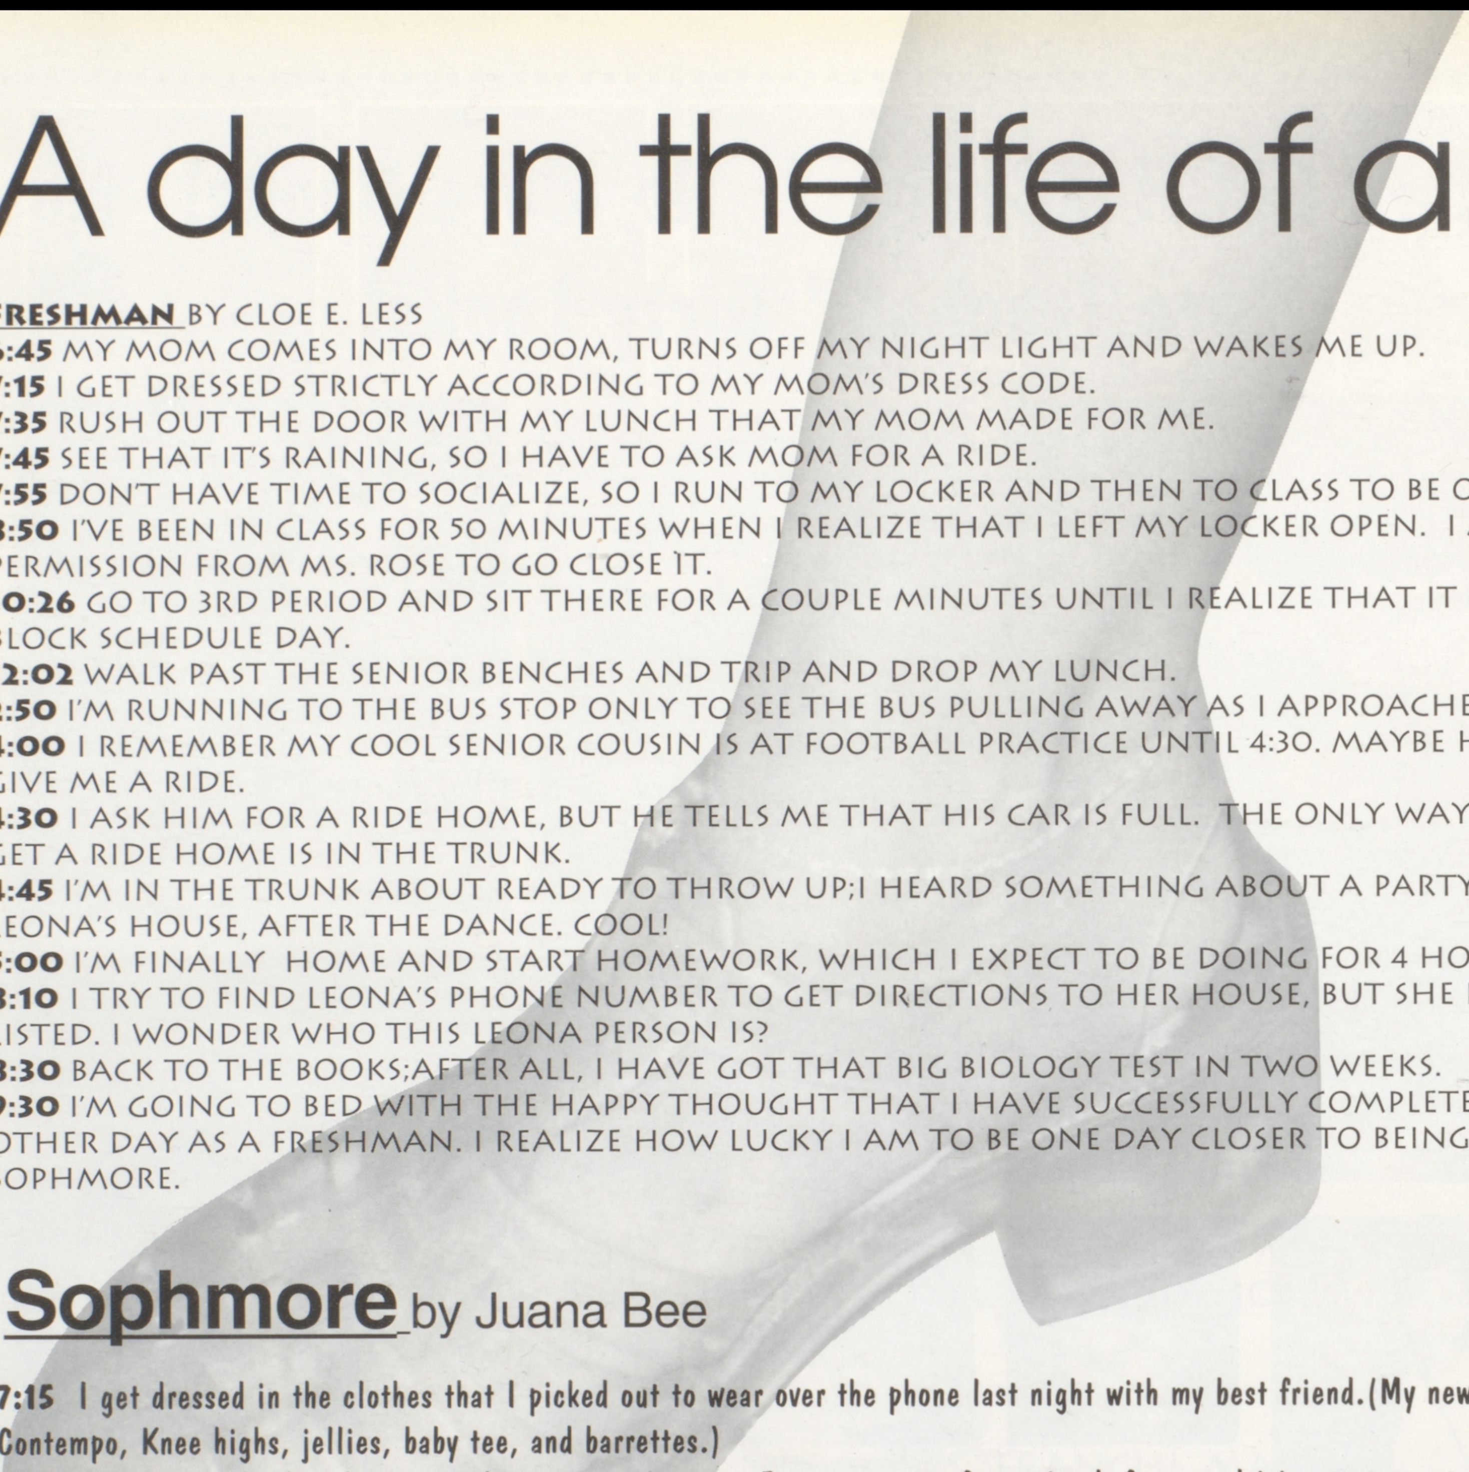
A day in the life of a...



FRESHMAN BY CLOE E. LESS

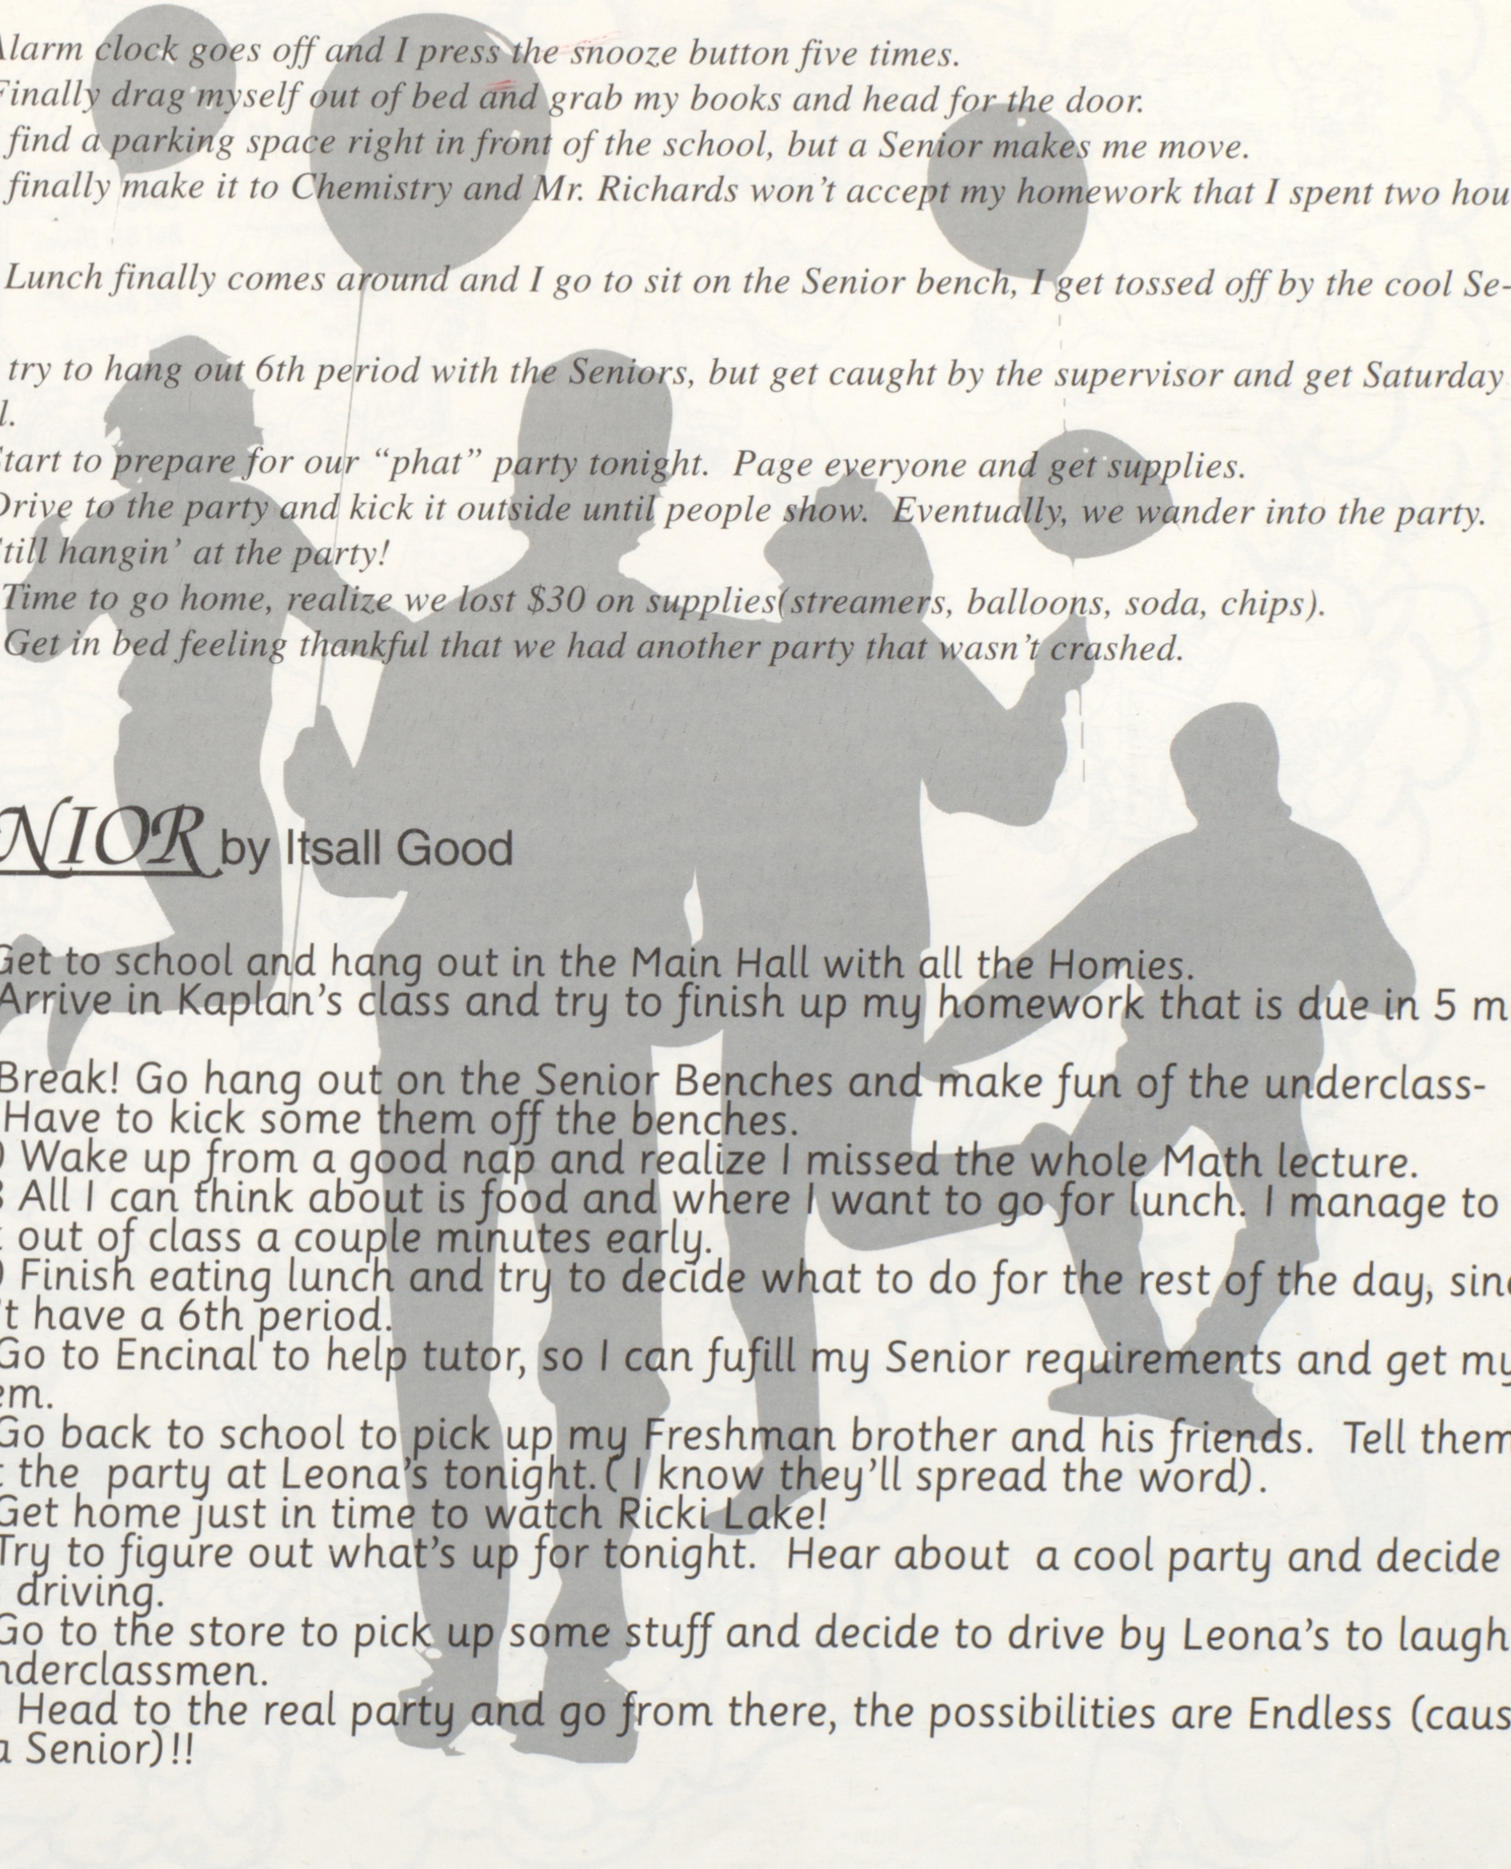
6:45 MY MOM COMES INTO MY ROOM, TURNS OFF MY NIGHT LIGHT AND WAKES ME UP.
7:15 I GET DRESSED STRICTLY ACCORDING TO MY MOM'S DRESS CODE.
7:35 RUSH OUT THE DOOR WITH MY LUNCH THAT MY MOM MADE FOR ME.
7:45 SEE THAT IT'S RAINING, SO I HAVE TO ASK MOM FOR A RIDE.
7:55 DON'T HAVE TIME TO SOCIALIZE, SO I RUN TO MY LOCKER AND THEN TO CLASS TO BE ON TIME.
8:50 I'VE BEEN IN CLASS FOR 50 MINUTES WHEN I REALIZE THAT I LEFT MY LOCKER OPEN. I ASK PERMISSION FROM MS. ROSE TO GO CLOSE IT.
10:26 GO TO 3RD PERIOD AND SIT THERE FOR A COUPLE MINUTES UNTIL I REALIZE THAT IT IS A BLOCK SCHEDULE DAY.
12:02 WALK PAST THE SENIOR BENCHES AND TRIP AND DROP MY LUNCH.
2:50 I'M RUNNING TO THE BUS STOP ONLY TO SEE THE BUS PULLING AWAY AS I APPROACHED.
4:00 I REMEMBER MY COOL SENIOR COUSIN IS AT FOOTBALL PRACTICE UNTIL 4:30. MAYBE HE CAN GIVE ME A RIDE.
4:30 I ASK HIM FOR A RIDE HOME, BUT HE TELLS ME THAT HIS CAR IS FULL. THE ONLY WAY I CAN GET A RIDE HOME IS IN THE TRUNK.
4:45 I'M IN THE TRUNK ABOUT READY TO THROW UP;I HEARD SOMETHING ABOUT A PARTY AT LEONA'S HOUSE, AFTER THE DANCE. COOL!
5:00 I'M FINALLY HOME AND START HOMEWORK, WHICH I EXPECT TO BE DOING FOR 4 HOURS.
8:10 I TRY TO FIND LEONA'S PHONE NUMBER TO GET DIRECTIONS TO HER HOUSE, BUT SHE ISN'T LISTED. I WONDER WHO THIS LEONA PERSON IS?
8:30 BACK TO THE BOOKS;AFTER ALL, I HAVE GOT THAT BIG BIOLOGY TEST IN TWO WEEKS.
9:30 I'M GOING TO BED WITH THE HAPPY THOUGHT THAT I HAVE SUCCESSFULLY COMPLETED ANOTHER DAY AS A FRESHMAN. I REALIZE HOW LUCKY I AM TO BE ONE DAY CLOSER TO BEING A SOPHMORE.

Sophmore by Juana Bee

7:15 I get dressed in the clothes that I picked out to wear over the phone last night with my best friend.(My new skirt from Contempo, Knee highs, jellies, baby tee, and barrettes.)
7:50 I drive to school with mom in the passenger's seat. Every moment of practice before my driving test counts.
8:30 Went to history and flunked my test. I would have studied if I didn't have a Math test today.
9:15 Zone out during Gross' laser trip.
11:15 Play a wild game of Marco Polo in P.E. and get smacked in the face by my Senior crush.
12:02 Go up to the circle to find out where all of my friends are going to lunch, hopefully Vitality Alley.
12:30 I go to the bathroom to put on more make-up and check my profile ten times.
2:16 I go to math and I got so nervous when I asked a Senior for a ride to the dance tonight that I had to run to the bathroom.
3:00 Mom picks me up and takes me to the DMV.
4:00 I go shopping with friends to get new shoes for the dance tonight.
5:30 I go to dinner wth Mom and Dad and convince them that I should have a later curfew than 11:00.
7:00 Get ready for the dance, confirm ride 10 times.
8:00 Finish getting ready as my ride flakes. I ask my big brother for a ride and he laughs in my face.
8:30 My friends and I decide to walk to the dance. I trip in my new jellies, ripping my new jeans from the Gap.
9:00 What a coincidence my senior crush arrive's just as I do!
12:15 My brother offers to take my friends and I home. Wow-all of his upperclassmen friends are in the car too. I talk about how cool it is not to be a Freshman.
1:00 I arrive home past curfew and my parents ground me forever. At least I'll have something to talk about at lunch on Monday.

Junior by Want A. Tention

6:45 Alarm clock goes off and I press the snooze button five times.
7:35 Finally drag myself out of bed and grab my books and head for the door.
8:00 I find a parking space right in front of the school, but a Senior makes me move.
8:15 I finally make it to Chemistry and Mr. Richards won't accept my homework that I spent two hours doing.
12:02 Lunch finally comes around and I go to sit on the Senior bench, I get tossed off by the cool Seniors.
1:30 I try to hang out 6th period with the Seniors, but get caught by the supervisor and get Saturday School.
6:00 Start to prepare for our "phat" party tonight. Page everyone and get supplies.
7:00 Drive to the party and kick it outside until people show. Eventually, we wander into the party.
9:00 Still hangin' at the party!
11:30 Time to go home, realize we lost $30 on supplies(streamers, balloons, soda, chips).
12:00 Get in bed feeling thankful that we had another party that wasn't crashed.



SENIOR by Itsall Good

7:40 Get to school and hang out in the Main Hall with all the Homies.
8:00 Arrive in Kaplan's class and try to finish up my homework that is due in 5 minutes.
9:50 Break! Go hang out on the Senior Benches and make fun of the underclassmen. Have to kick some them off the benches.
11:00 Wake up from a good nap and realize I missed the whole Math lecture.
11:58 All I can think about is food and where I want to go for lunch. I manage to sneak out of class a couple minutes early.
12:30 Finish eating lunch and try to decide what to do for the rest of the day, since I don't have a 6th period.
1:45 Go to Encinal to help tutor, so I can fufill my Senior requirements and get my emblem.
2:40 Go back to school to pick up my Freshman brother and his friends. Tell them about the party at Leona's tonight.(I know they'll spread the word).
3:00 Get home just in time to watch Ricki Lake!
7:00 Try to figure out what's up for tonight. Hear about a cool party and decide who's driving.
9:00 Go to the store to pick up some stuff and decide to drive by Leona's to laugh at the underclassmen.
10:15 Head to the real party and go from there, the possibilities are Endless (cause' I am a Senior)!!

One time, I was at South Shore Mall and saw these really fine guys. Anyway, I started checking them out. Unfortunately, my eyes were on them and not the wall in front of me. I ran smack into the wall.

- Anonymous Senior -

I just started modeling for Barbazon and I was walking down the runway with this gorgeous guy. The instructor told me to do a unique pose and I tried to impress him, but my foot slipped and I fell off the runway in front of everyone!

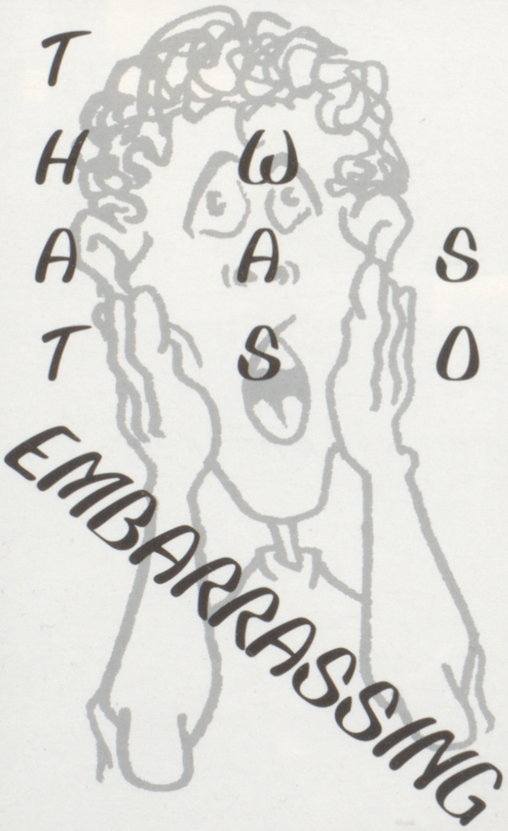
- Samantha Dinh -

My most embarrassing moment was when I woke up in Math class and thought that the teacher wanted to give me a call pass to go somewhere. Without fully understanding what was going on, I walked out of class and everyone laughed and asked me, "Where the heck are you going? That call pass was not even for you!"

- Camille Hammond -

Well, there is this very cute guy at this school. One day, I was driving down the street and saw him walking. When he waved, I waved back, forgetting that I was still driving. I looked up and slammed on the brakes . . . after I hit the car in front of me. Not only that, but I had to get out and talk to the person in that car. All of that time, the cute guy was watching. A few days later, when I finally got the courage to talk to him, I called him by the wrong name.

THAT WAS SO EMBARRASSING



- Ryan Rogers -

It was in P.E. class in my sophmore year. I was jogging around the school with my so-called "friends" when they decided to grab me, strip off all of my clothes, and then tied me to the flag pole with duck tape. Then they shaved all my hair off and left me there for the other students to mock and ridicule me. I was devastated!

- The Tran -

I was walking around buck-naked in my house, thinking I was alone. When, all of a sudden, my neighbor walked in. Now THAT was embarrassing!

- Chris Saali -

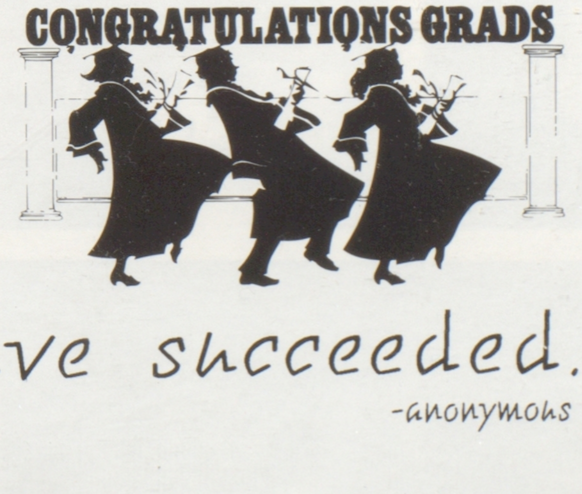
NEVER LET YOUR GIRLFRIEND GET ANYWHERE NEAR YOUR MOM!!! One time, when I was with this girl I liked, my mom tried to get my attention and called me her "little baby." And when I was dating the same girl, my mom decided to pull out the family photos. No explanation needed!

- Alex Lee -

My friends and I were in a hurry, running down the hall. One of my friends tried to warn me that the floor was wet but she was choking on some gum. So I kept running, fell on my butt, and slid halfway down the hall.

SUCCESS

To laugh often and much; to win
the respect of intelligent people
and affection of children, to
earn the appreciation of honest
critics and endure the betrayal
of false friends; to appreciate
beauty, to find the
best in others; to leave the world
a bit better, whether by a healthy
child or a garden patch or a
redeemed social condition; to
know even one life has breathed
easier because
you have lived.



This is to have succeeded.

A Junior That Knows What He's Doing

Dayna Stephens is a Junior at Alameda High. He conducts the advanced concert band, thanks to the help of the private teachers in his past. "It feels weird because you never think you'd be a teacher before you graduate, and I'm still a junior." He's been playing the sax for four years. He likes to play with the band, rather than going solo. Dayna also gives private lessons during his free time. There is no way you could seperate Dayna from his music.

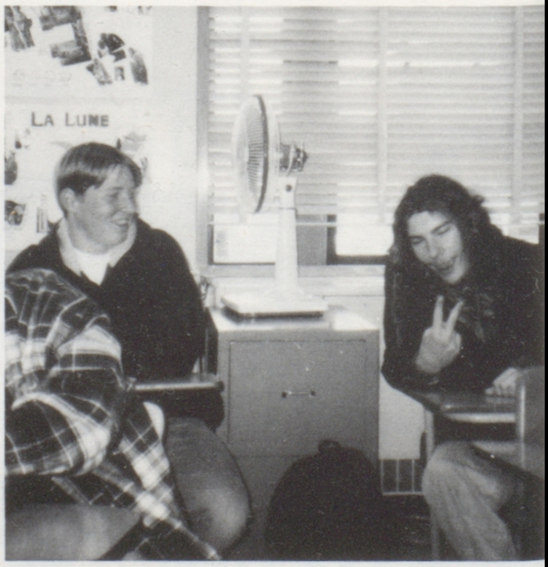
Students gain a world of knowledge in their language classes.



Mardi Gras is one of the favorite holidays to celebrate in the French classes. Classes get to eat foods such as crepes and learn about the meaning of Mardi Gras. Making masks is also part of the celebration.

The newest Spanish class is one for native speakers. This class highlights Spanish conversation and is taught by one of the favorite language teachers, Mr. Miller.

One of the new classes at Alameda High is the Cantonese class. The teacher is Ms. Szeto. This is her second year at Alameda High School.

Junior Prom was held at the Scottish Rite Temple in the Ball room, on March 29, 1996. Once again, the Prom was a smashing success.

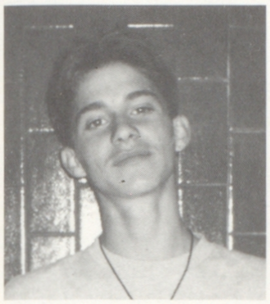
THE GREAT



Juan Pablo Galindo

"Tati" followed in his brothers footsteps six and a half years ago in the world of skateboarding. Tati has come a long way in those years. His dream of becoming sponsored and going pro is just about here. He's in the process of making a video, to get sponsor's interested before summer. Tati especially likes to skate on smooth surfaces. Alex, Juice, and Anton, have been his influences, but his biggest influences are his older brothers Jaime and Erik Koston. He thanks everyone for their support, especially his family.

Rico and Roland Tuazon

Rico and Roland's father enrolled them into Judo class four years ago. With four years of hardwork and training they are both National Champions. They are involved in Judo, Tae Kwon Do, and Jujitisu. Although there is a lot of competition between the two their strength and ability keeps them working towards their shared goals.

Michelle Brochman

Michelle is an outstanding Hornet. She was in the middle of third grade when they told her they wanted her to go onto the fourth grade. She attended Lum middle school and did a fine job adjusting. Being 14 years old as a Sophomore is not normal but she definitely adds to the class of 98'.

Rebecca Staats

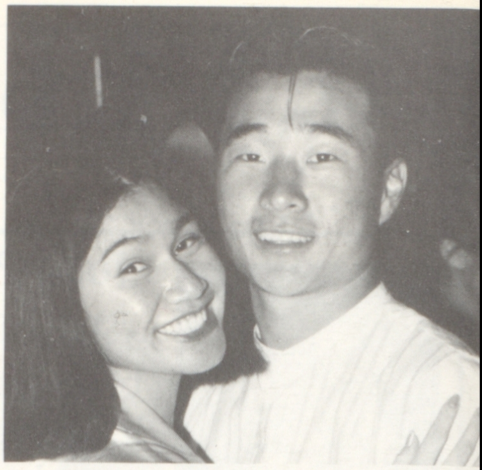
If you haven't seen her face Becky is for sure a rising model. She became involved in modeling two years ago, she is a part of many agencies throughout the world such as: Star's in San Francisco, Company Management in New York and Paris, Why Not in Milan, and Group in Spain. Her favorite part of modeling is seeing her face in magazines,Becky's worst experience in the profession is coming across jealous competition. When she turns 18 she is planning on moving to New York to pursue her modeling career.

FROM 98'

Winter Ball sponsored by the Sophomore class took place on December 9, 1995. The old gym was beautifully decorated in royal purple and silver. Our party hats are off to the creative class of 1998!

- Kim Vaughn, Tiffany Beeler and Heather Joy.

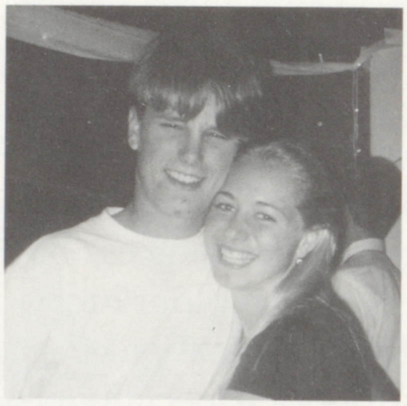
Taking a breather are Loan Sam and Elisa Gomez who smile for the camera.



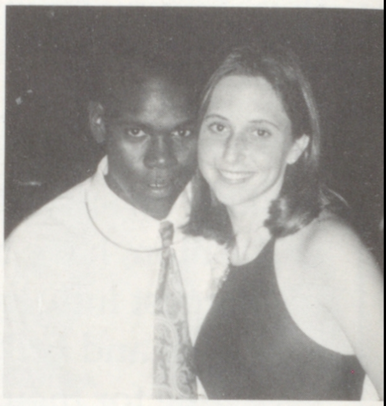
Keeping warm at the Winter Ball Shannel Anchetta and Dong Yi dance closely.

Dancing the night away Alex Wolfe and Erin Barhaugh boogie to the beat.

Picture Perfect! Nikki King and Jessica Delos pose for the camera.



Underneath the stars, Libby Connolly and Mike Knudsen hold each other tight.

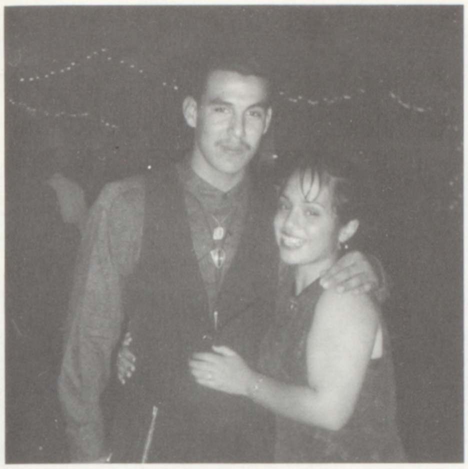


Looking sharp in their Winter Ball attire Charohn Dawson and Kaylen Garvine pose for a photo.

Dancing the night away, Amanda Kruger rocks down the house with other Winter Ball friends.

On Fire! Michelle Kwan makes her entrance into the Ball.

Underneath



Smilin' pretty, Rosie Galvez and Juan Ramirez look dashing at the dance.

Never camera shy- Kelan O'Neil and Katie Merault pose to perfection.

Upon entering the Ball ,Tiphani Brooks and Tati Galindo smile for the camera.

Dancing to the 70's music, Ryan Larson and Diana Vicknair get funky.

Being swept off her feet, Ms. Klinger grins from ear to ear in Mr. Frates' arms.

What a lucky guy dancing between two A.H.S. beauties Samantha Dinh and Lauren Fong.

The Stars

Shining on the dance floor, Jessica Chan and date let loose.

Bringing the excitement from the game to the dance is Ezzy Fernandes.

Adoring her corsage, Elizabeth Kim holds her date tightly.

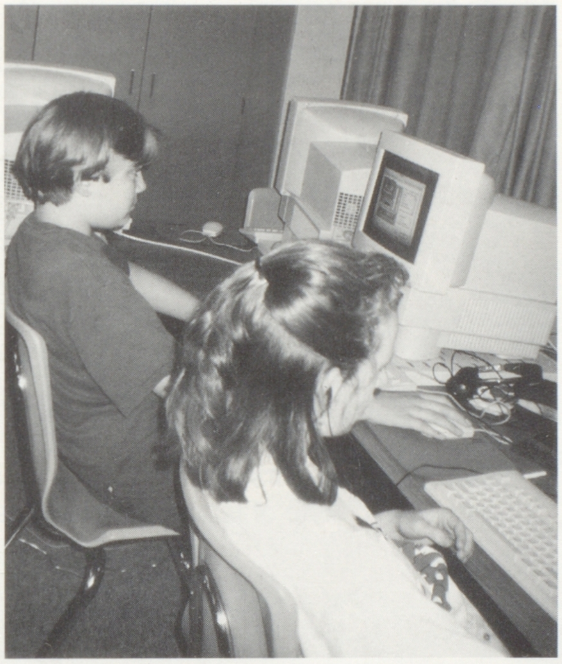
"I think the Media Academy is going to be our entré to the Internet. Students will have access to information and be able to talk to people throughout the world." Ms.Ruark

Hard at work on their Telecom projects, Senior Jackie Taylor and Sophomore Evan Lamden carefully decide what applications to use. Telecom is a class used to introduce students to the Internet.

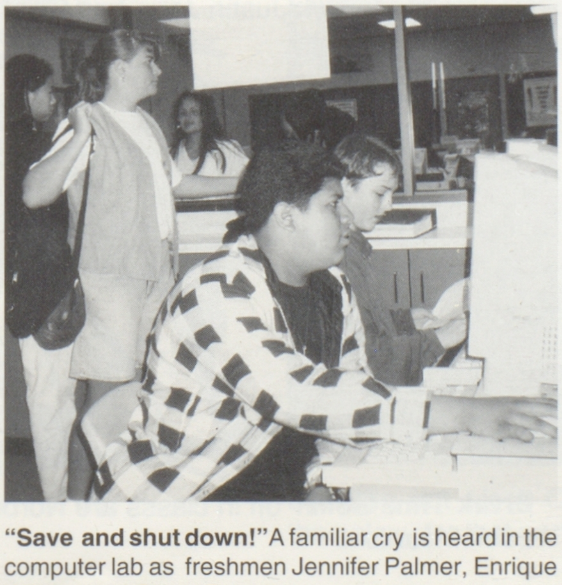
Time to go! Isaac Miller prepares to leave class. No matter how much you like a class those last five minutes are always the longest and the worst.



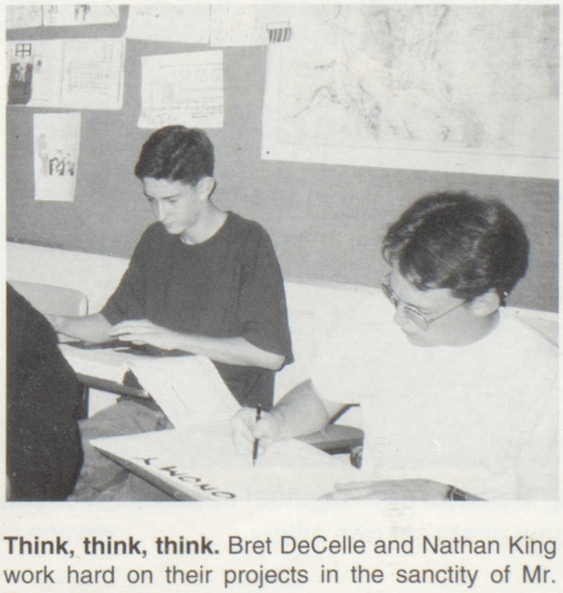
"The Media Academy provides a unique opportunity to work with students in a high tech environment. The work the students produce is always creative." Ms.Rose

"You want me to do a what? . . . A button? . . . What's a button?" Just another question to be answered in the Media Academy. As it swings into its second year, the Media Academy has opened the doors to the Information Superhighway through the use of computers hooked up to the Internet and programmed with many of the applications that are useful in the fields of multimedia.

"The Media Academy is fun but I thought we would work more on the computers. " Frosh Alex Kexel



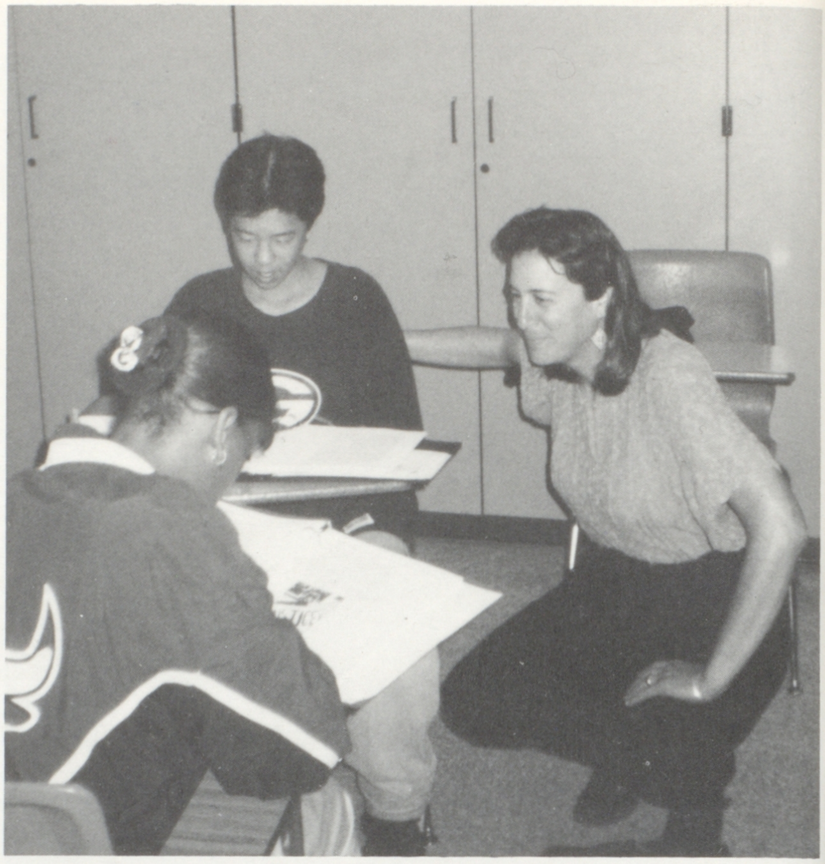
"Save and shut down!" A familiar cry is heard in the computer lab as freshmen Jennifer Palmer, Enrique Wilkins and Steve Powell prepare to leave.



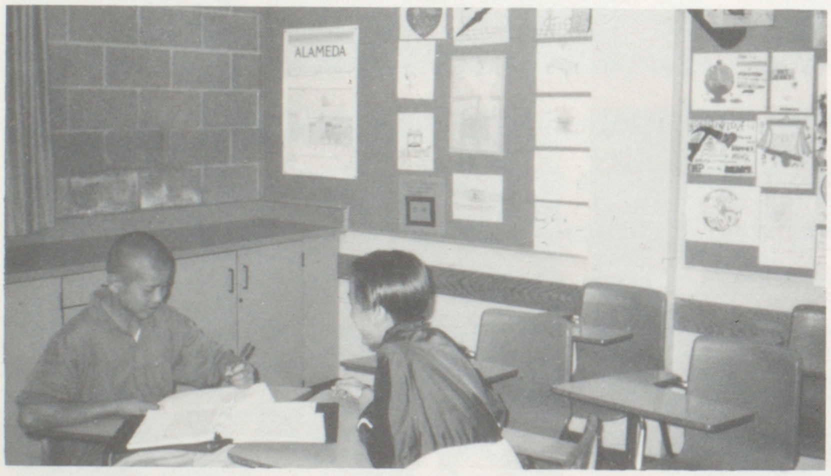
Think, think, think. Bret DeCelle and Nathan King work hard on their projects in the sanctity of Mr. Carman's classroom.

ABCs

The three R's reading, writing and resting. How much can you get done in a two hour block period? How far can you get in the great classics of literature? How many words can you spell correctly on your vocabulary quiz? How many hours do you need to study to ace that big English "TEST" ! English, a life long adventure.



Taking a knee, Mrs. Kameny uses an energetic and enthusiastic style of teaching to help her students.



Group work is an essential part of English class as shown by Khanh Thai and Gordon Fong working together as a team.

Luke Homerez

David Tran

"I'm so lucky I don't have to take History this year. I already know that, "In 1492, Columbus sailed the ocean blue."

Let's not talk about yesterday because it's in the past. Tomorrow will soon be the present. Let us speak of the future since it will soon be today. We will make it what it is by planning what it will be. History is what we make it!

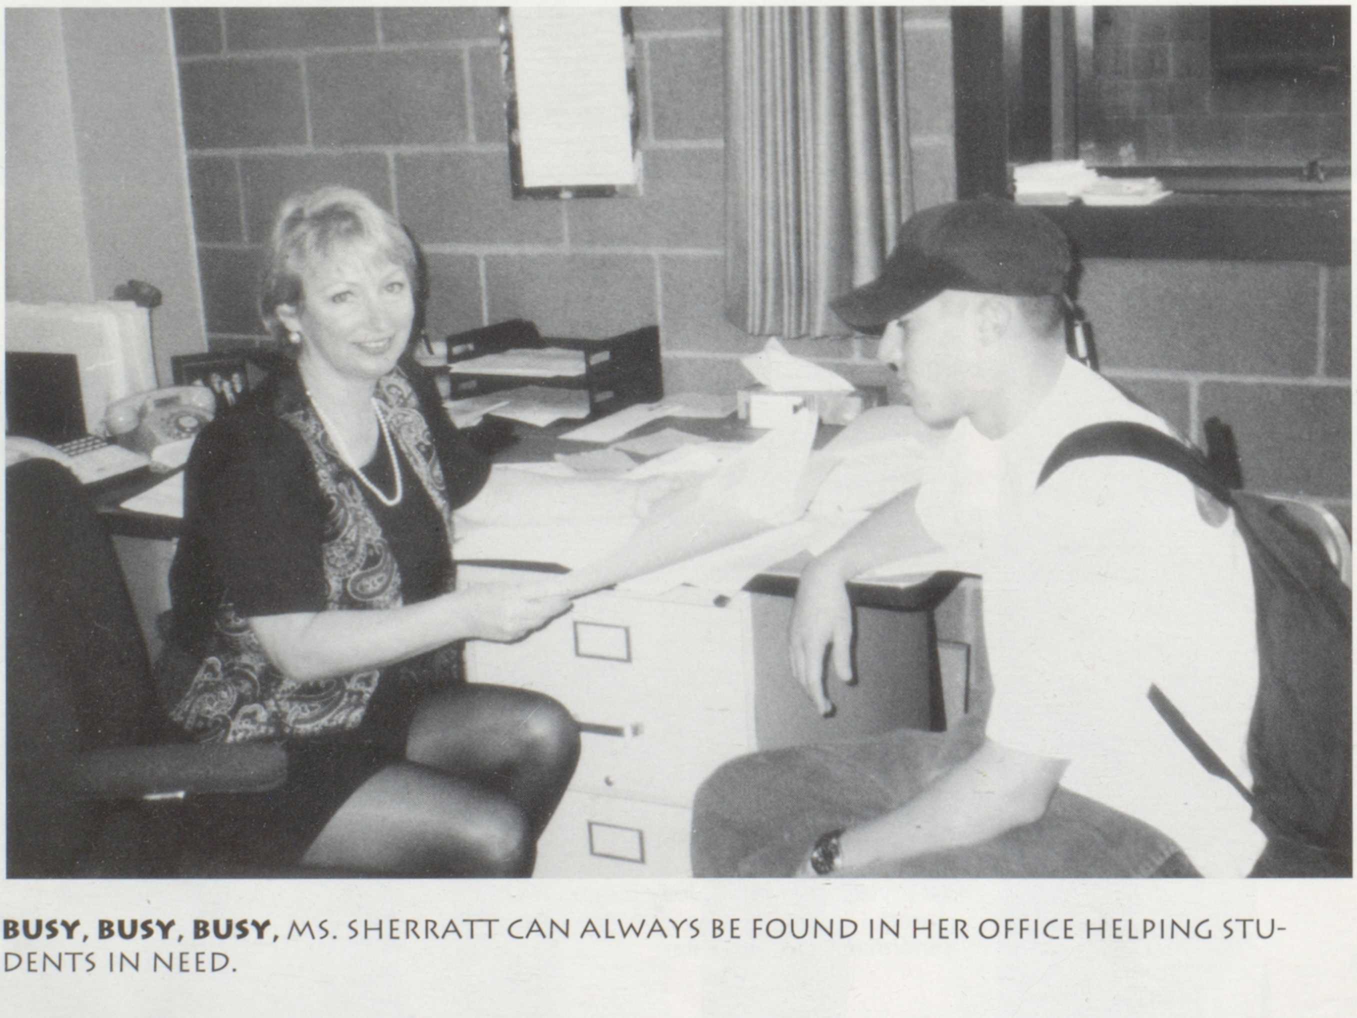
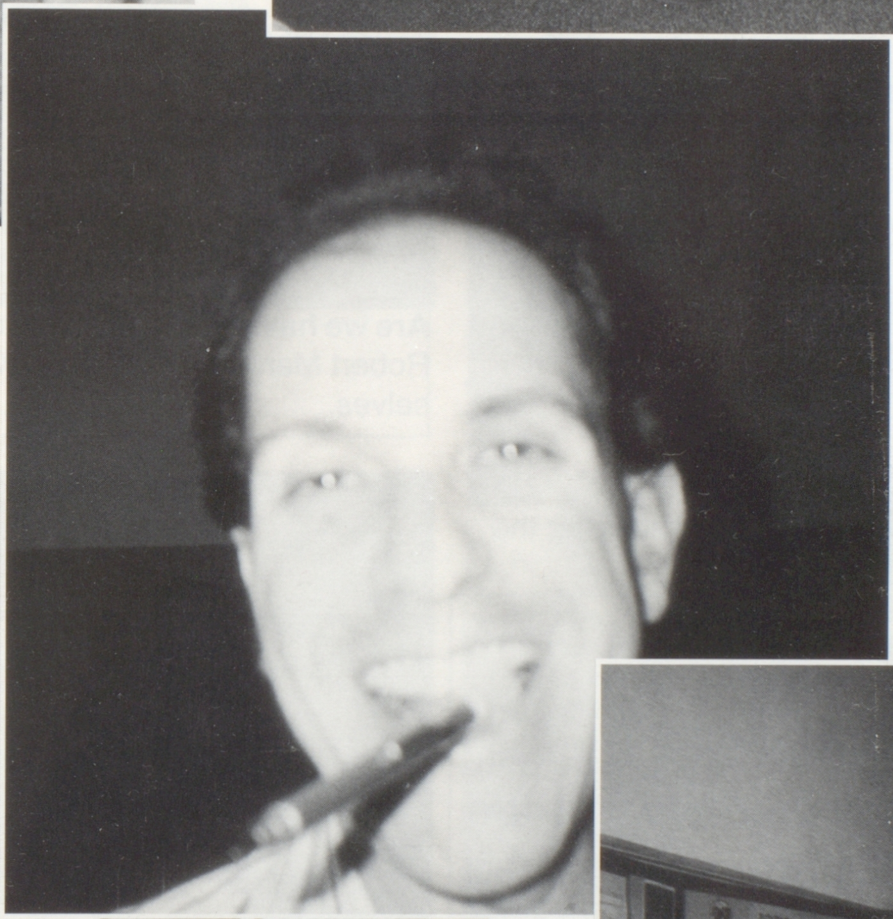
No Matter How Crazy & Busy It Gets in The Counseling Office Our Crazy Counselors Are Always There To Help Us.

HUSTLING AND BUSTLING, COMING AND GOING, THE COUNSELING OFFICE IS ALWAYS A PLACE OF GREAT COMMOTION. YET, SOMEHOW ALL THE COUNSELORS SEEM TO TAKE TIME OUT OF THEIR BUSY SCHEDULES TO STOP AND TALK TO STUDENTS. WHERE WOULD WE BE WITHOUT OUR CRAZY COUNSELORS?



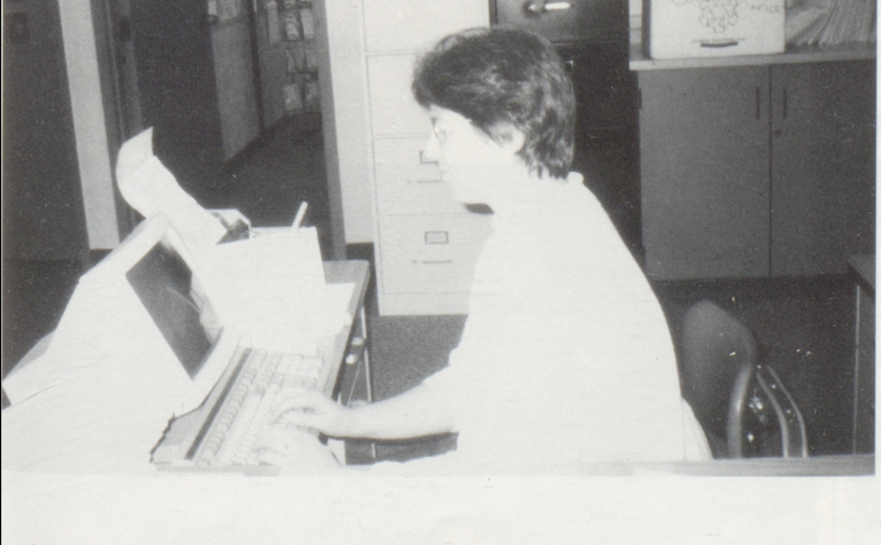
BUSY, BUSY, BUSY, MS. SHERRATT CAN ALWAYS BE FOUND IN HER OFFICE HELPING STUDENTS IN NEED.



HMMM... AVIVA COHEN AND JENNIFER UKEI ARE THINKING OF WAYS TO HELP THEIR FELLOW STUDENTS AS PEER COUNSELORS.

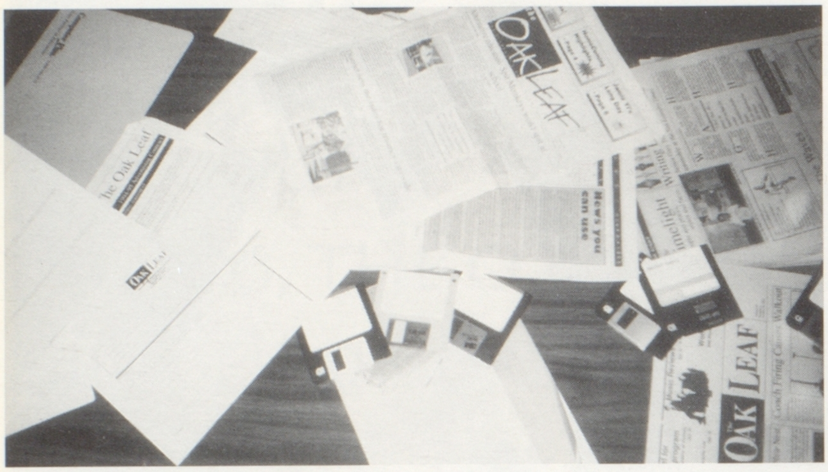
"HELLO, CAN I HELP YOU?" MR. MAIERS IS CONSTANTLY CHECKING HIS LIST TO SEE IF ANY STUDENTS NEED HIS HELP.

"MMMM, THIS IS GOOD" DAVID SIEKON EXHIBITS THE HUMOR NEEDED TO HELP COUNSEL STUDENTS AND HEAD THE PEER COUNSELING CLASS.



ALWAYS TYPING MS. FABELA JUST MIGHT BE THE ONLY PERSON BUSIER THAN THE COUNSELORS.

"HELLO" PENNY STEVENS IS FOREVER ON THE GO AND STILL MANAGES TO ANSWER THE PHONES IN THE CAREER CENTER.



The Journalism table is always full of work.

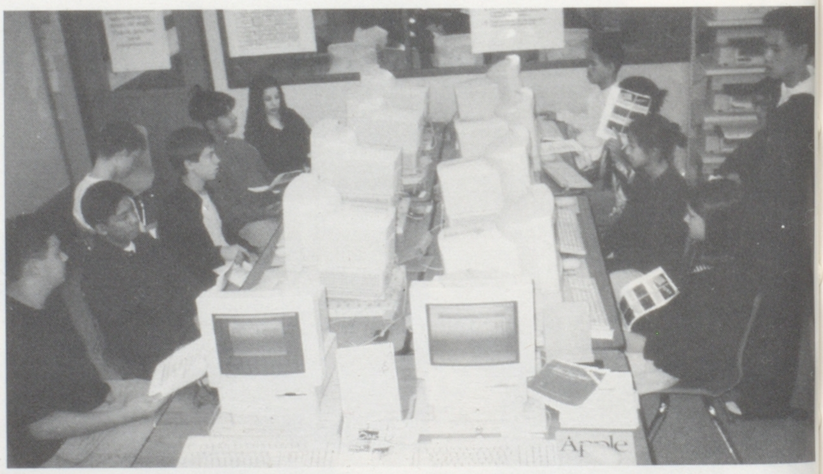
Hmmm... Marlene Carmona discusses her story for the next issue with Ms. Jones.

Good News!

Thanks to the dedicated staff of the Oakleaf, AHS students are graced monthly with a paper full of news, surveys, and views geared especially toward us. Where would we be without all that added info? We would be blindly wandering through our maze of hallways; ignorant of the fact that our football team just won the "Big Game" And unaware of the contributions African Americans made to our society- that's where. Thank you, Journalism!

-Hillary AcMoody

Are we having fun yet? Nancy Nghiem, Jason Macasieb Robert Maningat, and Yena Kim can hardly contain them selves.



Media Academy computers are where Journalism types its fascinating articles.

Andres Lujan and Julia Deutsch grin as they type up copy for a story.

True Leadership

In addition to their usual business of organizing a multitude of activities and special events for the students of AHS, Leadership class has been involved in raising money for "We Share" in order to give holiday gifts to those who can't afford them. This year, under the watchful eye of Ms. Cunningham, Leadership raised nearly $3,000: $1,000 more than what was raised in any previous years!

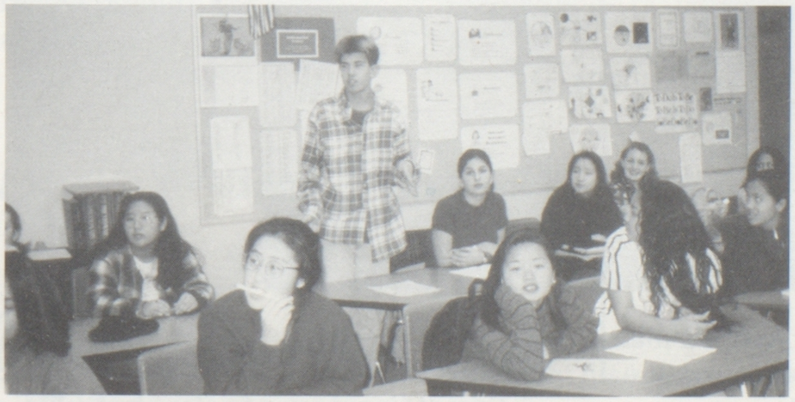
-Hillary AcMoody

What are you guys talking about? Amber Hall, Junior Class President, listens intensely to the discussion.

Spotlight's on Lauren Busk, as she takes her turn talking in the group.

Having fun with their work, Karen Quinto and Linda Huynh enjoy a period of Leadership.

Working together, Mike Desai, Cindy Chen and Mrs. Ruark discuss campus issues.



Leadership listens as Peter Calic dicusses Freshman issues.

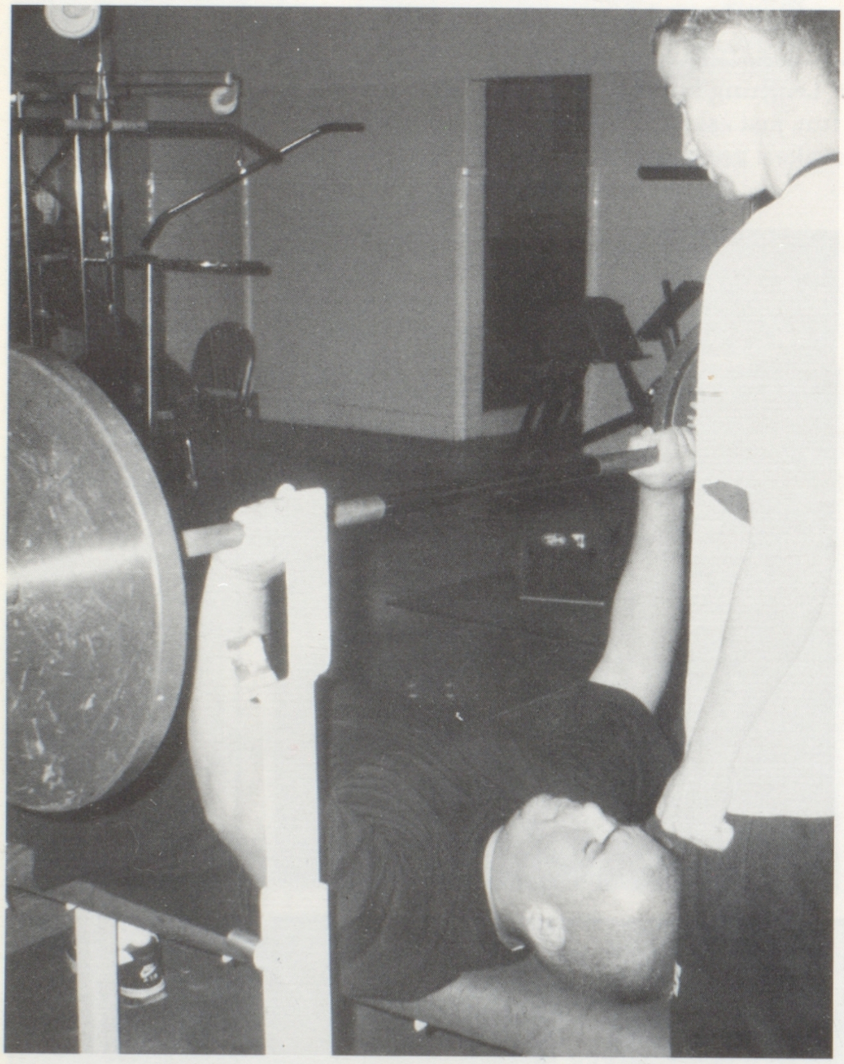
Let's Get Physical!

Do you ever wonder about the gold & black uniformed students playing on the field? They are AHS Hornets working hard to get in shape. There are many sports to select from in P. E., including aerobics, swimming, and weight-lifting, and much more. Those dressed in white ghis are taught jujitsu, "the way of gentleness" by Sensei Fairfield. Excercises, falling and self defense techniques are applied to everday situations. Everyone looks forward to Friday massages and the year-end Camp Danzanryu. **Lourdes Ariosa, Lyla Yu.**



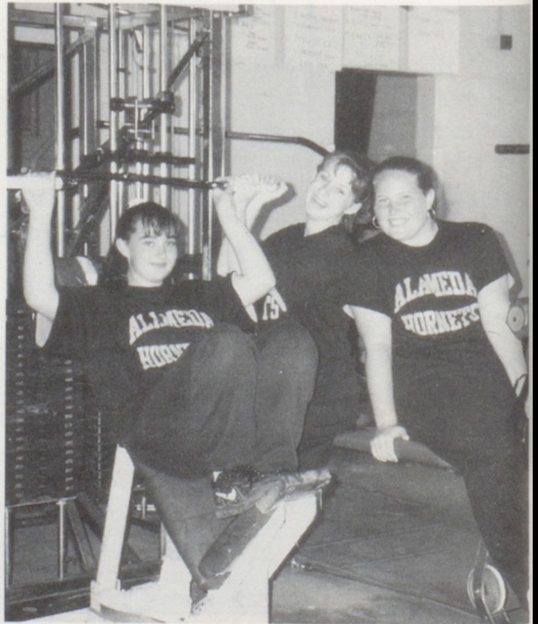
Pumping Iron. Jay Moilane and Joe Vallete work out in the weight room.

ALAMEDA HORNETS

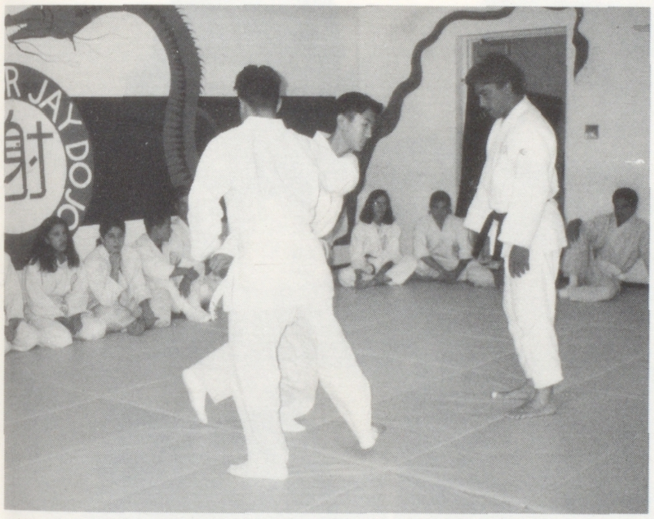
Lift Those Legs! Christina Marshall, Jennifer Wourms, and Sarah Hewit show off their legs in aerobics class.

Making A Big Splash Ms. Curry's class work hard doing water-push-ups.

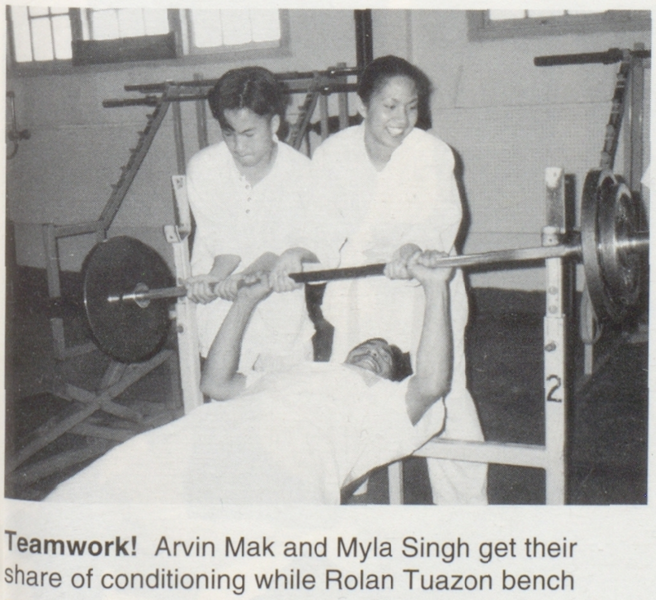
Look At Those Muscles! Wendy Blackshere, Brianne Crawford and Brooke Langstaff show they can be one of the guys by doing bench and leg presses.



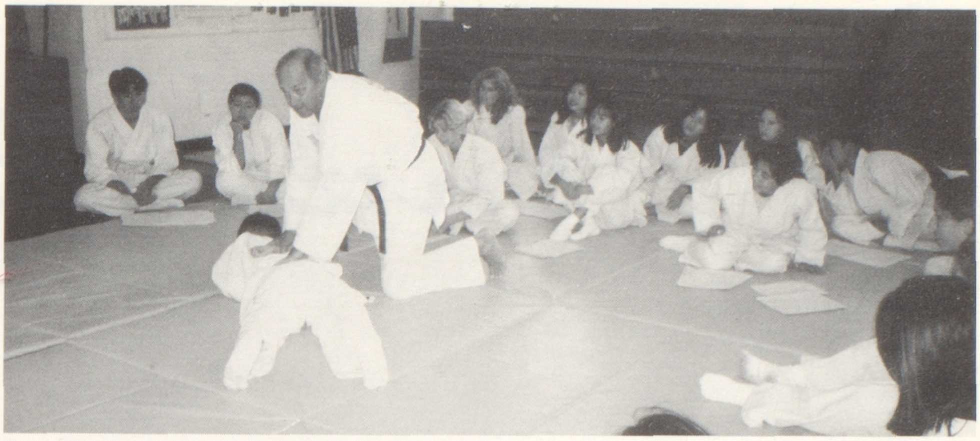
Twist Those Wrists! Liz Stewart and Kaelyn Garvine practice the wrist twist.



Hold On Tight! Guest Brad Burgos watches while Loi Cao throws Kevin Yee.



Teamwork! Arvin Mak and Myla Singh get their share of conditioning while Rolan Tuazon bench presses.



Pay Close Attention. Mr. Fairfield demonstrates an armlock while the class watches intently.

Standing Together

STUDENTS STAND TOGETHER TO SHOW THE PRIDE AND UNITY OF THE CULTURE OR THE GROUP THAT THEY ARE REPRESENTING. THROUGH OUT THE YEAR THE CLUBS WILL BE INVOLVED IN A VARIETY OF ACTIVITIES AND FUND-RAISERS. MANY CLUBS WILL PLAN TRIPS AND WORK TO ACHIEVE A COMMON GOAL THAT BROUGHT THEM TOGETHER. ONE OF THE MANY REASONS PEOPLE JOIN CLUBS IS FOR THE SUPPORT. CLUBS DO MANY THINGS FOR THE PEOPLE WHO ARE MEMBERS IN THEM, A CLUB SHOWS PARTICIPANTS HOW TO GET RESPECT AND HOW TO WORK TOGETHER AS A TEAM. THE SKILLS THE CLUB MEMBERS EARN WILL LAST THEM A LIFE TIME. ALL THE INDIVIDUALS AND THE CLUBS THEY REPRESENT DESERVE THE RESPECT OF EVERYONE.

-Winnie-To BERNICE, KIMMY, DREYA, SUNNIE, LOAN, IDA, LYLA...In the past few years, with some I've shared tears, with others late night talks, but together we have endured one long walk. Even though we didn't go very far, we've had dreams that reached a distant star. Though things maybe different now, there was once a time when I was weak and low. It was you who lent me your incredible strength to help me grow. For that there is a certain special place reserved in my heart. Memories will continue to remain in my mind and hopefully yours too. For when we venture out into a world filled with unknown, I know with these memories I won't be alone. To each of you I hope you reach for the star you wish to find and that you'll never forget those you left behind. ***thanks Tony for the page

This is the weed that Jack bought. Jack got it from Bobby. Bobby is Jack's best friend. Bobby bought it from his pal at school, Tony. Tony knew this neighborhood connection—Sid or someone. Sid made a deal with a guy downtown who scored it from some dude down south who blew away two cops to get it over the border. Just for Jack.
